

Annual Contact Lens Agreement

At **Beach Eyecare Optometry**, we carry the latest in contact lens technology, and specialize in the difficult-to-fit-patients. This includes astigmatism-correcting lenses (toric), multifocal lenses, corneal diseases (like keratoconus) and post-surgical contact lens fit. We are dedicated to your health and an enjoyable, comfortable contact lens experience.

A **Contact Lens Evaluation** fee is necessary to renew the current contact lens prescription and is in addition to the comprehensive eye exam fee. This evaluation will include precise measurements, analysis of your vision needs and recommendations specifically tailored to you. It may also include the use of diagnostic lenses if necessary by our doctors to ensure the proper fit of the lenses and good ocular health.

The fee will cover the initial evaluation and all contact lens related follow-up visits for a period of 3 months. IF necessary, it will also include the cost of any additional contact lens training classes for those individuals needing contact lens instruction for insertion, removal and lens care.

The **Contact Lens Fit Evaluation/Re-fit Evaluation** fee will range in price depending on the complexity of contact lens worn:

- Contact Lens New Fit/Re-Fit Evaluation (Soft Spherical).....**\$60**
- Contact Lens New Fit/Re-fit (Toric).....**\$80**
